Zone & Equipment
Qualified coaches

BOXING

COST \$70.00 Per Session (Plus Start up Kit \$35)

Across the 10 week term, participants will progressively build their boxing skills, confidence and physical coordination through structured one hour sessions. The program begins with orientation, safety, stance and basic movement before progressing into combinations, pad work and responding to cues. As skills develop, participants will be introduced to agility drills, skipping and boxing bags, building coordination, timing, focus and movement control. By the final weeks, participants will be combining these skills through more challenging drills and activities, giving them an opportunity to recognise and demonstrate the progress they have made throughout the term.

Focus

Connection

Communication

BOXING & NEURODIVERGENCE

Boxing can be a fun, structured way for neurodivergent children and adolescents to build focus, coordination and self-regulation. Research suggests that open-skill exercise (activities that require continuously responding to changing information) can be particularly beneficial for executive functioning.

BOXING NATURALLY INVOLVES:

- watching and responding to cues
- inhibiting automatic responses
- remembering combinations and sequences
- switching between movements
- coordinating multiple parts of the body
- responding to changing targets or movements
- regulating force and movement
- maintaining attention while physically active

Impact of physical activity on executive function in primary school children with autism spectrum disorder: a systematic review

LEARN MORE

MONDAY & FRIDAY 4:00PM TO 5:30PM

\$1540.00 Per Term

2
SESSION
TIMES

FARM, COOK, CREATE & PLAY

Confidence

Connection

Regulation

Care for animals, cook something delicious, get creative with art, and finish with a fun activity.

Caring for animals supports calming and emotional awareness, while cooking and creating encourage focus, patience, and mindfulness. The program provides a balanced mix of hands-on learning and fun, helping children develop confidence and independence.

Through each activity, children have opportunities to:

- Build confidence, independence and practical skills
- Develop communication, social skills and teamwork
- Explore creativity and sensory experiences
- Practice focus, patience and emotional regulation
- Connect with others, try new things and have fun

MONDAY & THURSDAY 4:00PM TO 5:30PM

\$1540.00 Per Term

HEALTHY GAMERS

Digital Literacy

Self Management

Regulation

Play, connect, compete, and discover how to make gaming a positive part of everyday life.

Healthy Gamers gives participants a fun, structured space to enjoy video games while developing positive habits around screen time. Through guided gameplay, breaks and interactive challenges, participants practice managing frustration, communicating with others and staying engaged. The program encourages teamwork, problem-solving and self-awareness.

Through each session, participants have opportunities to:

- Build confidence, self-awareness and healthy gaming habits
- Practice emotional regulation and managing frustration
- Learn to balance gaming, movement and other interests
- Connect with peers, try new things and have fun

NEW

MONDAY 4:00PM TO 5:30PM

\$1540.00 Per Term

CREATIVE CREW

Confidence

Creativity

Critical Thinking

A creative space to explore new ideas, try different materials and make something unique.

Creative Crew is a space to experiment with different materials, explore new ideas and create something uniquely their own. Activities may include clay sculptures, personalised keyrings, bracelets, canvas art and room decorations, with opportunities to bring their own ideas to life. Participants can experiment and enjoy creating in a relaxed and encouraging environment.

Through each session, participants have opportunities to:

- Develop creativity, imagination and self-expression
- Build fine motor skills, focus and patience
- Plan, design and problem solve their own creations
- Build confidence by trying new things

NEW

MONDAY 5:30PM TO 7:00PM

\$1540.00 Per Term

CHALLENGE SQUAD

Critical Thinking

Teamwork

Confidence

New week, new challenge.

Challenge Squad is a 10 week program designed to build confidence, independence, teamwork and problem solving skills through a new and engaging challenge each session. As support is gradually reduced, participants take on increasingly complex tasks, learning to share ideas, think creatively, overcome challenges and work together. Activities include LEGO builds, scavenger hunts, cooking, photography and invention, culminating in a large group challenge in the final week.

Through each session, participants have opportunities to:

- Develop problem solving and critical thinking skills
- Build communication, teamwork and cooperation
- Develop adaptability persistence and confidence

NEW**MONDAY 5:30PM TO 7:00PM****\$1540.00 Per Term**

BOOKWORMS

Creativity**Connection****Communication**

Read, chat, create and bring your own stories to life.

Bookworms is for young people who love books, stories and creativity. The first hour is a relaxed book club where participants can share what they're reading, explore our selection, swap recommendations and discuss characters, plots and favourite moments. The second hour is an optional creative writing workshop where participants can develop their own characters, plots and stories, while others enjoy the beanbags, fairy lights, calming music, tea and quiet space to read or chat.

Through each session, participants have opportunities to:

- Explore creativity, imagination and self-expression
- Connect with other young people who love books
- Develop confidence sharing ideas

NEW**TUESDAY 4:00PM TO 5:30PM****\$1540.00 Per Term**

MAD SCIENCE

Inquiry**Critical Thinking****Collaboration**

Mix, test, build and experiment while discovering how the world around us works.

Through exciting science experiments and investigations, participants explore ideas, make predictions, test what happens and discover the results. Each activity encourages curiosity, problem-solving and creative thinking while giving children opportunities to work together and share their discoveries.

Through each session, participants have opportunities to:

- Build problem solving, critical thinking and observation skills
- Explore curiosity through experiments, questions & discovery
- Develop collaboration, communication and teamwork
- Practice patience, persistence and flexible thinking
- Build confidence by trying and testing

NEW

TUESDAY & FRIDAY 4:00PM TO 5:30PM

\$1540.00 Per Term

THURSDAY 5.30PM TO 7.00PM

**3
SESSION
TIMES**

MUSIC & MOVEMENT

Self Expression

Coordination

Connection

Dance, sing, move and make music together in a welcoming afternoon filled with rhythm, creativity and fun.

From karaoke and freeze dance to musical statues, body percussion, rhythm instruments and movement games, participants explore music, rhythm and movement in a variety of ways. They'll develop rhythm and coordination, practice listening and following instructions, express themselves through movement, and work as a team to create their own dance.

Through each activity, participants have opportunities to:

- Build confidence and self-expression
- Develop rhythm, coordination and body awareness
- Explore creativity through music and movement
- Connect with others and have fun

NEW

TUESDAY 4:00PM TO 5:30PM

\$1540.00 Per Term

MESSY PLAY

Inquiry

Sensory

Fine Motor

Touch, squish, mix and create with messy activities designed to spark curiosity and delight the senses.

Each week, participants discover new textures, materials and messy activities, from slime making, oobleck and cloud dough to fizzy reactions, splatter art and sensory activity stations. With plenty to touch, mix, pour, squeeze and explore, children can experiment and get creative each week.

Through each activity, children have opportunities to:

- Explore sensory experiences and different textures
- Develop fine motor skills and coordination
- Encourage inquiry, creativity and experimentation
- Build confidence through hands on exploration
- Connect with others and have fun

NEW

TUESDAY 5:30PM TO 7:00PM

\$1540.00 Per Term

MYSTERY CLUB

Inquiry

Critical Thinking

Collaboration

Follow the clues, piece together the evidence, crack the case.

Mystery Club gives participants the chance to become detectives and work together to solve a new fictional mystery, using clues, suspect profiles, witness statements, photographs, messages, timelines and evidence to piece together what happened. Cases might involve a stolen artwork, mysterious message, missing animal, museum mystery or secret code, with new twists and challenges along the way.

Through each session, participants have opportunities to:

- Develop problem solving, logic and critical thinking skills
- Practice communication, teamwork and sharing ideas
- Build attention to detail and evidence based reasoning
- Develop persistence when solving problems

TUESDAY 5:00PM TO 7:00PM

\$1540.00 Per Term

POKEMON TRAINERS

Communication

Critical Thinking

Collaboration

Master your strategy & become a confident Pokémon Trainer.

Pokémon Trainers gives participants a fun, structured space to learn and play the Pokémon Trading Card Game while connecting with peers. Participants will learn card types, rules and gameplay before developing their own strategies through friendly matches. Along the way, they'll practice communication, turn taking, patience and resilience while building skills in planning, problem solving, maths, literacy and attention to detail.

Through each session, participants have opportunities to:

- Develop strategy, planning and problem solving skills
- Practice communication, patience and turn taking
- Develop resilience when adapting to wins and losses
- Build confidence and positive connections

NEW

TUESDAY 5:30PM TO 7:00PM

\$1540.00 Per Term

NATURE STUDIO

Inquiry

Creativity

Connection

Slow down, look around and create from what you discover.

Nature Studio invites participants to explore the farm through gentle walks, scavenger hunts and creative activities inspired by the world around them, collecting natural materials and interesting finds that catch their attention. These discoveries become inspiration for field journals, nature collages, texture art, illustrations and creative projects, creating a calm space to explore, notice and make.

Through each session, participants have opportunities to:

- Develop observation, curiosity and attention to detail
- Explore creativity, imagination and self-expression
- Practise autonomy, decision making and independence
- Connect with nature through movement and art

WEDNESDAY 4:00PM TO 5:30PM

\$1540.00 Per Term

3D ANIMATION

Digital Literacy

Critical Thinking

Creativity

Make your ideas move.

3D Animation gives participants a fun, guided space to explore digital creativity by designing characters, objects and scenes and turning their ideas into mini animations. Participants will learn animation tools and techniques while developing hand-eye coordination, fine-motor skills and confidence with technology, alongside problem solving, sequencing and creative thinking as they build and experiment with their own projects.

Through each session, participants have opportunities to:

- Develop creativity, imagination and creative thinking
- Build problem solving, sequencing and planning skills
- Build confidence using digital tools and technology
- Share ideas and experiment with techniques

NEW**WEDNESDAY 4:00PM TO 5:30PM****\$1540.00 Per Term**

PROJECT SPORT

Coordination**Teamwork****Confidence**

Try something new, build your skills and find your game.

Project Sport gives participants the chance to develop their skills across a mix of traditional and less conventional sports. Each session is split between a familiar sport or game and something a little different, such as pickleball, disc golf, ultimate frisbee, dodgeball, bocce or spikeball. Across the term, activities progressively build skills such as coordination, movement, teamwork, strategy and confidence, giving participants the chance to improve and discover new ways to enjoy being active.

Through each session, participants have opportunities to:

- Develop coordination, movement and sport specific skills
- Build teamwork, communication and cooperation
- Develop confidence, persistence and sportsmanship

NEW**WEDNESDAY 4:00PM TO 5:30PM****\$1540.00 Per Term**

GARDEN WORKSHOP

Inquiry**Practical Skills****Sensory**

Dig in, get creative and discover how things grow.

Garden Workshop gives participants the chance to explore our veggie patch, discover how plants grow and get creative with gardening projects. Sessions will explore seeds, soil, herbs, flowers, plant care, pollinators and sustainability, with a new activity or project to bring each topic to life. Children might create plant markers, painted pots, propagation stations, garden journals, self-watering planters or bee hotels, while helping care for the veggie patch and developing ideas for a sensory garden.

Through each session, participants have opportunities to:

- Develop practical gardening and plant care skills
- Build curiosity, observation and attention to detail
- Explore nature, sustainability and the environment

MONDAY & WEDNESDAY 5:30PM TO 7:00PM

\$1540.00 Per Term

**2
SESSION
TIMES**

FOODIES

Practical Skills

Organisation

Confidence

Cook, create and build skills you can use beyond the kitchen.

Foodies gives participants a fun, social space to explore cooking, creativity and practical kitchen skills. Participants will follow recipes, prepare meals and develop confidence with planning, measuring, problem solving and working as a team. With staff support, participants will build independence while sharing ideas, trying new recipes and creating something they can be proud of.

Through each session, participants have opportunities to:

- Develop practical cooking and kitchen skills
- Build teamwork, communication and cooperation
- Practice planning, measuring and problem solving
- Develop independence and confidence

NEW

WEDNESDAY 5:30PM TO 7:00PM

FRIDAY 4:00PM TO 5:30PM

\$1540.00 Per Term

**2
SESSION
TIMES**

CHAIN REACTION

Inquiry

Critical Thinking

Collaboration

Build it, test it, tweak it - then set the whole thing in motion.

Chain Reaction is an engineering challenge where participants work together to build a Rube Goldberg-style machine (a series of connected actions where one movement triggers the next to complete a final task). Research, design and experiment with components using materials and 3D-printed parts and work with staff and teammates to test, troubleshoot and improve designs before bringing everything together.

Through each session, participants have opportunities to:

- Develop problem solving, planning and critical thinking skills
- Explore engineering, design and creative thinking
- Encourage experimentation and adaptability
- Build collaboration, communication and teamwork

NEW

WEDNESDAY 5:30PM TO 7:00PM

\$1540.00 Per Term

PROJECT SPORT 12+

Coordination

Teamwork

Confidence

Try something new, build your skills and find your game.

Project Sport gives participants the chance to develop their skills across a mix of traditional and less conventional sports. Each session is split between a familiar sport or game and something a little different, such as pickleball, disc golf, ultimate frisbee, dodgeball, bocce or spikeball. Across the term, activities progressively build skills such as coordination, movement, teamwork, strategy and confidence, giving participants the chance to improve and discover new ways to enjoy being active.

Through each session, participants have opportunities to:

- Develop coordination, movement and sport specific skills
- Build teamwork, communication and cooperation
- Develop confidence, persistence and sportsmanship

THURSDAY 4:00PM TO 5:30PM

\$1540.00 Per Term

BRUSH BUDDIES

Self Expression

Creativity

Confidence

Create, express yourself and let your creativity shine.

Brush Buddies gives participants a structured yet flexible space to explore creativity and self-expression. Participants create their own artwork, develop artistic skills and explore their thoughts and feelings while connecting with peers. Through individual and group projects, participants build confidence, self-awareness, resilience, patience and problem solving skills while enjoying a supportive and engaging environment.

Through each session, participants have opportunities to:

- Develop creativity, artistic skills and self-expression
- Explore emotional expression, self-awareness and resilience
- Build confidence, self-esteem and independence
- Practice patience, problem solving and focus

THURSDAY 4:00PM TO 5:30PM

5:30PM TO 7:00PM

\$1540.00 Per Term

2
SESSION
TIMES

ROBLOX CREATOR

Digital Literacy

Critical Thinking

Creativity

Imagine It. Build It. Play It.

Roblox Game Creation provides a fun, supportive space for participants to design, build and test interactive Roblox worlds while developing skills in game design, digital creativity and introductory scripting. Through planning, testing and refining their creations, participants build confidence with technology, problem-solving, creativity and persistence.

Through each session, participants have opportunities to:

- Develop creative thinking and digital creativity
- Build problem solving, planning and organisation skills
- Develop digital literacy and confidence with technology
- Share ideas, collaborate and celebrate their creations
- Practice attention to detail and persistence

THURSDAY 5:30PM TO 7:00PM

\$1540.00 Per Term

BRUSH IT OUT 12+

Self Expression

Creativity

Confidence

Create something uniquely yours.

Brush It Out provides a supportive space to explore art, creativity and self-expression. Participants create their own paintings while building emotional awareness, confidence and self-reflection. They can experiment with techniques, share ideas and connect with peers. Each session encourages resilience, independence and creative exploration while developing new skills. Participants leave feeling proud of what they create.

Through each session, participants have opportunities to:

- Develop creativity, artistic skills and self-expression
- Explore emotional expression, self-awareness and resilience
- Build confidence, self-esteem and independence
- Practice patience, problem solving and focus

NEW

FRIDAY 4:00PM TO 5:30PM

\$1540.00 Per Term

LIFE 101

Practical Skills

Connection

Confidence

Skills for today, confidence for tomorrow, support for the journey.

A relaxed social group where participants connect with peers, have fun and explore real-life topics together. Each week features a different theme, including independence, friendships, social media, internet safety, cooking, money, public transport, work and navigating challenges, with activities designed to get everyone involved. Sessions may include movement challenges, cooking, group discussions, creative activities or real-life scenarios, with the group helping shape what they explore.

Through each session, participants have opportunities to:

- Build communication, social and practical skills
- Explore problem solving and decision making
- Build confidence in social situations
- Connect with peers & develop positive relationships

NEW

FRIDAY 5:30PM TO 9:30PM

\$204.00 Per Session

FRIDAY SOCIAL

Communication

Connection

Confidence

Your space. Your people. Your Friday night.

Friday Social gives participants a relaxed, hangout-style space to connect, unwind and be themselves. With our new projector and redesigned recreation room creating the backdrop for movie nights, games, music, group activities and plenty of time to hang out, each session is designed to feel like a genuine night with friends. Participants can share interests, make connections and enjoy a supportive environment where they can feel comfortable, included and accepted.

Through each session, participants have opportunities to:

- Build friendships and positive peer connections
- Develop communication and social confidence
- Explore self-expression and shared interests
- Build a sense of belonging and acceptance

NEW

FRIDAY 5:30PM TO 7:00PM

\$1540.00 Per Term

FRIDAY LEAGUE

Teamwork

Coordination

Confidence

Friday night. Four sports. One final showdown.

Friday League gives participants the chance to compete in small-sided games including volleyball, ultimate frisbee, spikeball and soccer. Teams play each sport in a round-robin format before competing in finals for first and third place. It's a chance to try different sports, work as a team, compete, build confidence and connect with others.

Through each session, participants have opportunities to:

- Build teamwork, communication and cooperation
- Develop coordination, movement and sporting skills
- Practice strategy, decision making and adaptability
- Build confidence and resilience through competition
- Connect with peers through sporting experiences

SATURDAY 10:00AM TO 12:30PM

(FORTNIGHTLY)

\$1540.00 Per Term

**2
SESSION
TIMES**

DUNGEONS & DRAGONS

Creativity

Connection

Critical Thinking

Create your character. Join the adventure.

Dungeons & Dragons gives participants the chance to step into a fantasy world, create characters and shape their own adventures in a guided group setting. Players work together to solve challenges, make decisions and respond to unexpected situations while developing communication, creativity and problem solving skills. Through storytelling and teamwork, participants can explore new ideas, build confidence and connect with peers while enjoying a supportive role-playing experience.

Through each session, participants have opportunities to:

- Develop creativity, imagination and self-expression
- Build communication, teamwork and social skills
- Practice problem solving, strategy, decision making
- Connect with peers through storytelling

MONDAY 10:00AM TO 11:30AM

\$1540.00 Per Term

**ADULT
SESSION**

PAINTING UP A STORM

Self Expression

Creativity

Connection

A space to create, relax and reset.

Painting Up a Storm gives participants the chance to explore creativity and self-expression through hands-on painting in a calm, supportive environment. Sessions encourage participants to experiment with colours, techniques and styles while creating artwork at their own pace. It's a chance to relax, express ideas, build confidence, develop creative skills and connect with others through shared artistic experiences.

Through each session, participants have opportunities to:

- Explore creativity, self-expression and artistic ideas
- Develop painting skills, techniques and confidence
- Practice focus, patience and creative decision making
- Support relaxation, emotional awareness & wellbeing
- Connect with others through creative experiences

TUESDAY 10:00AM TO 11:30AM

\$1540.00 Per Term

**ADULT
SESSION**

PAINT N' PARENT

Self Expression

Connection

Connection

Create. Reflect. Connect.

Paint n Parent gives parents the chance to explore creativity while reflecting on their parenting journey in a supportive, engaging environment. Through guided art activities and open discussion, participants use creative expression to explore their experiences, build self-awareness and gain insight into their parenting approach.

Through each session, participants have opportunities to:

- Explore parenting experiences through creative expression
- Develop self-awareness, emotional insight and confidence
- Gain insight into parenting approaches & relationships
- Strengthen connection and communication with their children
- Connect with parents through shared experiences

ADULT PROGRAMS

Adult programs can be delivered in small groups or through 1:1 support, depending on individual preferences, goals and support needs. We're open to suggestions and want to create opportunities around the things you are genuinely interested in, whether that's learning a new skill, developing independence, getting creative, connecting with others or simply having something meaningful to look forward to.

CURRENT PROGRAMS

- **Creative Arts:** explore painting, creativity and self-expression while developing skills, confidence and wellbeing in a calm, supportive environment.
- **Cooking & Baking:** build confidence, independence and practical kitchen skills while exploring recipes and creating food in a supportive environment.
- **Gaming:** connect with others through shared gaming interests while developing communication, teamwork, problem-solving and digital skills.
- **3D Animation:** explore digital creativity through 3D modelling, animation and storytelling while developing new creative and technical skills.

Have an idea? We'd love to hear it!

Whether it's an activity you'd love to try, an adventure for the next school holidays, or a suggestion to make our group programs even better, we're always looking for new ideas. Chat with one of our friendly staff members next time you're in the centre or reach out to the team - we're all ears!

IMPORTANT INFORMATION

PROGRAM TERMS AND CONDITIONS

Enrolment and suitability

- Enrolling yourself or your child means you agree to the full terms and conditions.
- Participants must complete an enrolment form and provide accurate and complete information.
- DP can accept, decline or revoke an enrolment.
- A participant may be moved to a more suitable group if their original group does not meet their needs, preferences or abilities.
- If a group setting is temporarily unsuitable, DP will try to work with the participant, family and relevant professionals to develop strategies and explore alternatives, with the aim of returning the participant to a group when appropriate.

Support within groups

- DP aims to provide a safe, accepting and supportive environment for neurodivergent participants.
- Reasonable adjustments or modifications will be made where possible.
- A participant may be moved or removed from a group when adjustments are unsuccessful or the group is not suitable. This is intended to protect the participant's wellbeing and the safety and wellbeing of others.

Attendance and collection

- Participants must be enrolled before attending.
- Participants are expected to attend all scheduled sessions unless another arrangement has been approved.
- Parents and carers are responsible for punctual drop-off and collection.
- Children must not be left unattended before a session unless prior permission has been given.
- Late collection may incur a charge of \$140 per hour when a staff member must remain to supervise the participant.

Behaviour and safety

- Participants must treat other participants, facilitators and staff respectfully.
- Disruptive, disrespectful, aggressive or violent behaviour may result in removal from the program.
- Decisions will be made by the Program Director, taking into account the wellbeing and safety of everyone involved.

Mobile phones and belongings

- Mobile-phone use during groups is prohibited unless permission has been provided.
- For participants under 18, an unauthorised phone may be securely stored until the end of the session.
- Phones should be silent and stored away.
- DP is not responsible for personal belongings that are lost or damaged.

Privacy

- Personal and sensitive information may be collected and securely stored to provide services.
- Relevant information may be shared with DP staff involved in delivering support.
- De-identified information may be used for research or program evaluation.
- The terms also permit DP to use enrolment information for direct marketing.

Fees and payment

- Participants commit to the full program because DP incurs advance costs for staffing, equipment, supplies and planning.
- The program has one set fee for the term.
- Invoices are issued at fortnightly intervals and must be paid within 7 days.
- Participants may be unable to continue attending while fees remain unpaid.

Cancellations and refunds

- Missing an individual session does not attract a credit or refund.
- Cancelling at least seven days before the program begins: full refund or invoice cancellation.
- Cancelling within the first two weeks: 50% refund or 50% credit toward another program.
- Cancelling after Week 2: no refund.
- If DP cancels the program, participants receive a refund for the cancelled portion.
- If DP asks a participant to leave and cannot offer a suitable alternative, the unused portion of the program will be refunded within seven days.
